

## PSHE

This half term we will be settling in to our new classrooms and getting to know each other. We will set up a class promise regarding our behaviour over the year.

We will also look at how we stay fit and healthy? Which types of food should we eat regularly and which should we have as a treat? Our teeth and oral hygiene will also be a strong focus during this topic.

## RE

Which groups do we belong to? The children will learn about 'belonging' and being a part of something such as their family, group of friends or a club.

## Role Play and Visits

We shall be visiting Pizza Express this half term. The children will handle ingredients and learn how to make pizzas. Our role play areas will be transformed into a café where we can creatively prepare healthy snacks and meals for our friends. We will write out orders and dress as chefs.

## DT

During this topic, the children will learn how to safely and hygienically prepare ingredients to make a recipe. We will be chopping, grating, slicing and dicing lots of different foods, developing our cookery skills and learning how to handle equipment safely. We will be visiting Sainsbury's to buy our ingredients.

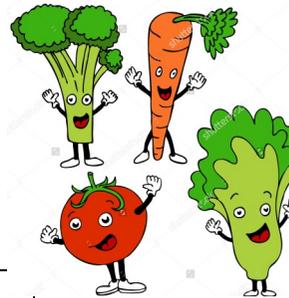

## PE:

We will be changing into our kit in the classroom. Please ensure your child has PE shoes, blue shorts and a plain red t-shirt for PE. Please make sure all clothing is **labelled** and stays at school as PE days can change. School PE Kit must be worn.

We will be developing our balance and coordination, as well as working on our sending and receiving skills in our Multi skills lessons.

## Science

The science this term will focus around healthy eating and how we can keep our bodies strong and healthy through our diet and exercise. We will learn about hygiene and different parts of our body. This will relate to our work in Literacy and PSHCE. We will explore the parts of the body, what they are for and look at our 5 senses.

## Spanish

The children will take another look at numbers to 20 and the days of the week in Spanish.

# Food, Glorious Food

## ICT

The children will learn how to stay safe on the internet, through our Digital Literacy Curriculum. They will use paint and typing programs to write about different food in the computing suite. We will also learn about algorithms and how computers work by following simple instructions.

## Music

The children will continue to use Charanga to develop their ability to recognise pitch, pulse and rhythm. We will learn the song "Hey You", using our voices and instruments to improvise & improve.

## Art

In Art we will be mixing colours to paint in the style of Cezanne. We are also learning printing skills to make food faces inspired by Giuseppe Arcimboldo.
