

## Early learning goals for mathematics

By the end of reception children should be able to;

### Number

- Count reliably with numbers from 1 to 20
- Place them in order
- Say which number is 1 more or 1 less than a given number
- Using quantities and objects, add and subtract 2 single digit numbers
- Count on or back to find the answer
- Solve problems, including doubling, halving and sharing

### Shape, Space and Measure

- Use everyday language to talk about size, weight, capacity, position, distance, time and money to compare
- Use quantities and objects to solve problems
- Recognise, create and describe patterns
- Explore character of everyday objects and shapes and use mathematical language to describe them.
